For young learners (Grades 4 to 7)

2. The Korean War was part of the much larger Cold War. What does the term “Cold War” mean?
3. Watch the [video](#) provided in the article. Where was Korea partitioned? Who controlled the North? Who controlled the South?
4. List the events of the battle as described in the article. Draw a flow chart to detail the events.

For advanced learners (Grade 8 and up)

5. Define “proxy war” and provide evidence that strengthens an argument that the Korean War was, in fact, a proxy war. Discuss who supported each side and why.
6. Research Canada’s involvement in the Cold War. Given our country’s relationship with the United States, do you think that Canada should have played a larger military role in Cold War conflicts in Asia, Eastern Europe, and/or the Middle East? Create a thesis statement that defends a position.
